Analysis paralysis A situation may be deemed too complicated and a decision is never made, or made much too late, due to anxiety that a potentially larger problem may arise. Equally, a person may hold that a superior solution is a short step away, and stall in its endless pursuit, with no concept of diminishing returns. A person may desire a perfect solution, but may fear making a decision that could result in error, while on the way to a better solution. decision-making with equal options. In Shakespeare's Hamlet, the main character,
