This resulted in Roddenberry's decision to continue the series in animated form, with the medium allowing for spectacular imagery and non-humanoid aliens the original series could not practically depict. Much of the original cast returned to provide voices for their characters. Series writers David Gerrold and D. C. Fontana characterized The Animated Series as effectively a fourth season of The Original Series. After the conclusion of The Animated Series, the adventures... 69e992c362 Spaceships are often one of the key plot devices in science fiction. Numerous short stories and novels are built up around various ideas for spacecraft, and spacecraft have featured in many films and television series. Some hard science fiction books focus on the technical details of the craft. Some fictional spaceships have been referenced in the real world, notably Starship Enterprise from Star Trek which gave its name to Space Shuttle Enterprise and to the VSS Enterprise. 69e992c362 By the late 1990s, improved technology and more training and cross-training within the industry made all of these techniques easier to use, so that directors of individual episodes could make decisions to use one... 69e992c362 The need to portray imaginary settings or characters with properties and abilities beyond the reach of current reality obliges producers to make extensive use of specialized techniques of television production. 69e992c362
