

Bond Markets Analysis And Strategies 9th Edition

Technical analysis The efficacy of technical analysis is disputed by the efficient-market hypothesis, which states that stock market prices are essentially unpredictable, and research on whether technical analysis offers any benefit has produced mixed results. It is distinguished from fundamental analysis, which considers a company's financial statements, health, and the overall state of the market and economy. analysis is an analysis methodology for analysing and forecasting the direction of prices through the study of past market data, primarily price and volume In finance, technical analysis is an analysis methodology for analysing and forecasting the direction of prices through the study of past market data, primarily price and volume. As a type of active management, it stands in contradiction to much of modern portfolio theory 3b69f3462d
