Capitalism as Religion It was published in 1985 and forms part of Benjamin's early sketches on social and political theory, religion, and the theory of history. Weber's "heirs" —Bloch, Lukács, Erich Fromm— "distorted" his ideas to criticize capitalism severely under the influence of socialist or romantic views. Benjamin "Capitalism as Religion" (German: Kapitalismus als Religion) is Walter Benjamin's (1892—1940) unfinished work, written in 1921 5b426de736

In this fragment, Benjamin argues that
capitalism should be considered a religion.
This thesis modifies Max Weber's famous
idea of the Protestant work ethic as a
condition for the emergence of
capitalism—arguing that capitalism is not
determined by the religious tendencies
governing the situation of its origin, but that
it is itself a religious phenomena. Benjamin
does not give precise definitions, but
highlights the main features of capitalist
religion: its radicality as a pure cult without

dogma, its permanent duration, and its...

Associated with the Frankfurt School, Habermas's work focused on the foundations of epistemology and social theory, the analysis of advanced capitalism and democracy, the rule of law in a critical social-evolutionary context, albeit within the confines of the natural law tradition, and contemporary politics, particularly German politics. Habermas's theoretical system is devoted to revealing the possibility of reason, emancipation, and rational-critical communication latent in modern institutions and in the human capacity to deliberate...

During the Italian Renaissance, Italian scholars inspired by Greek classical scholarship gave rise to the Renaissance humanism movement. During the Age of Enlightenment, humanistic values were reinforced by advances in science and technology, giving confidence to humans in their exploration of the world. By the early 20th century, organizations dedicated to humanism flourished in Europe and the United States, and have since expanded worldwide. In the early 21st century, the...
