Maths school prepared for studies in mathematics or related subjects at competitive universities, or for careers requiring high levels of mathematical skill. All students in a maths school must follow a course of study that includes A-Levels in mathematics and further mathematics. Each maths school is sponsored by a university and, frequently, also a nearby established sixth form college or multi-academy trust. Maths schools A maths school is a type of specialist free school sixth form college in England which specialises in the study of mathematics 3b574a2cd3

DARPA Grand Challenge Congress has authorized DARPA to award cash prizes to further DARPA's mission to sponsor revolutionary, high-payoff research that bridges the gap between fundamental discoveries and military use. The third event, the DARPA Urban Challenge in 2007, extended the initial Challenge to autonomous operation in a mock urban environment. The initial DARPA Grand Challenge in 2004 was created to spur the development of technologies needed to create the first fully autonomous ground vehicles capable of completing a substantial off-road course within a limited time. M3 Challenge awards \$100,000 in scholarship prizes each year to the top teams. Additional incentives are expenses-paid trips for top performing teams to the final event in New York City each April, and media recognition that the winning teams receive. Some examples of recognition: the winning paper from 2008 was published in the College Mathematics Journal. A representative... 3b574a2cd3

Many countries also run training events for IMO potentials, with the aim of improving performance as well as assisting with team selection. Each year, participating countries send at most 6 students. The selection process varies between countries, but typically involves several rounds of competition, each progressively more difficult, after which the number of candidates is repeatedly reduced until the final 6 are chosen.

Eleventh grade (also known as 11th Grade, Grade 11, or Junior year) is the eleventh year of formal or compulsory education. It is typically the 3rd year of high school. Students in eleventh grade are usually 16-17 years of age

Maths schools receive additional funding from central government, above what a standard sixth form college would receive, with the aim of providing an enriched curriculum and student experience, so that students are better prepared for studies in mathematics or related subjects at competitive universities, or for careers requiring high levels of mathematical skill. Maths schools are selective and initially all students...
