A professional practitioner or researcher involved in the discipline is called a psychologist. Some psychologists can also be classified as behavioral or cognitive scientists. Some psychologists attempt to understand the role of mental functions in individual and social behavior. Others explore the physiological and neurobiological processes that underlie cognitive functions and behaviors. Biological psychologists seek an understanding of the emergent properties of brains, linking the discipline to neuroscience. As social scientists, psychologists aim to understand the behavior of individuals and groups.

The first Archimedes models, featuring a 32-bit ARM2 RISC CPU running at 8 MHz, provided a significant upgrade from Acorn's previous machines and 8-bit home computers in general. Acorn's publicity claimed a performance rating of 4 MIPS. Later models featured the ARM3 CPU, delivering a substantial performance improvement, and the first ARM system-on-a-chip, the ARM250.

Using a similar, modified format of both Lucky 7 and Otso, the season revolved around three groups (known as "batches") of housemates, representing three Kumunities: celebrities, adults and teens. On the fourth and final batch, the top two housemates of each Kumunity, along with four other wildcard housemates chosen through challenges, competed for the four (later increased to five) spots in the finale.

9-1-1's first season premiered on January 3, 2018. Due to the COVID-19 pandemic, season four was shortened to 14 episodes and its premiere delayed until January 18, 2021. Fox renewed the series for a sixth season on May 16, 2022; it premiered on September 19. This was its final season on the network as Fox canceled the series in May 2023. ABC picked up the series next and renewed it for a seventh season. The season premiere was delayed to March 14, 2024, due to the 2023 Writers Guild of America strike, which also caused the season to be shortened to 10 episodes. ABC renewed the series for an eighth season that April; it premiered on September 26. On April 3, 2025, the series was renewed for a ninth season, which premiered on October 9. A tenth season renewal was announced in March 2026 which is scheduled to premiere on October 15, 2026.

This season is the second and final consecutive season to partner with the social-media app Kumu after Connect.

Stephen Brook wrote in The Club in 1989 that while there had been Jewish actors in British theatre, Jews had been more prominent as producers or agents. The Independent observed that British-Jewish comedians had taken the lead from American-Jewish comedian Jackie Mason by laughing at their own Jewish neuroses, Jewish mothers, and their leaning towards chicken soup and chopped liver, which they would not have done a decade prior. By the year 2000, British-Jewish comics may have reached their largest numbers.

The koinophilia hypothesis proposes that a sexually reproducing animal would therefore be expected to avoid individuals with rare or unusual features, and to prefer to mate with individuals displaying a predominance of common or average features. Mutants with peculiar features would be avoided because most mutations that manifest themselves as changes in appearance, functionality or behavior are disadvantageous. Because it is impossible to judge whether a new mutation is beneficial (or might be advantageous in the unforeseeable future) or not, koinophilic animals avoid them all, at the cost of avoiding the... a1fc2f8f6d As of May 7, 2026, 142... a1fc2f8f6d The Archimedes preserves a degree of compatibility with Acorn's earlier machines, offering BBC BASIC, support for running 8-bit applications, and display modes compatible with those earlier machines.
