The SVT Cobra was a high-performance version of the Ford Mustang and was considered the top-of-the-line variant, being positioned above the Mustang GT and Mach 1 models during its production run. On three occasions, the race-ready, street-legal SVT Cobra R variant was produced in limited numbers. ca39e0fb81

Ford Mustang variants Still, others were made purely for experimental concepts such as the McLaren M81 and the Ford Mustang. High-performance enthusiasts seek more powerful, sharper handling, sports cars such as the Shelby Mustang, the Ford Mustang Mach 1, and variants made by Roush Performance and Saleen, while collectors and purists seek limited production and alternate or nostalgic styling, such as is commonly found on many commemorative editions. Ford and several third-party companies have offered many modified versions of the highly popular Mustang since its creation in 1964 in order to cater to specific portions of the marketplace outside of the mainstream.
