==== (Posted) RD: Anne Cox Chambers ==== 08383ef2bb As yet, we do not have an article on Fossil eggs nor does our fossil article provide much detail. However, these articles by The San Francisco Chronicle on dinosaur fossil eggs [1] and the National Geographic on bird fossil eggs [2] should be of some assistance to you. I have added Fossil eggs to Wikipedia:Requested Articles so that someone can write an article on this topic. Since WP:TALK is a guideline instead of a policy, I thought I'd come here about this, but won't object to having this moved to the policy pump if an admin decides its more appropriate there. 08383ef2bb -anon 08383ef2bb Thanks C. Nelson 22:26, 2 October

Q) A positive integer 'n' has the property that the least common multiple of n and 36 is 500 greater than the greatest common factor of n and 36. What is 'n'? Written mathematically: $\text{LCM}(36,n) - 500 = \text{GCF}(36,n)$... n=? 08383ef2bb Correcting your own username: You are allowed to correct misspellings of your name, provided you assume good faith in doing so, and do not react if the misspelling was intentional. Other editors should assume good faith in this as well, and neither misspeller nor corrector should use this as an opportunity to bait the other editor. 08383ef2bb Where was the earliest fossil egg found? 08383ef2bb I know that I'm not the only editor whose name is misspelled by other editors (which doesn't really make sense, since it's printed right in front of you and only needs to be copy-pasted, but anyway...). I cannot remember off the top of my head any instance where I corrected this, in part because it would open the door to some wikilawyer arguing that I shouldn't alter other people's posts. Might it be appropriate to include a line in WP:TPO to the effect of: 08383ef2bb Hello, Onthetapot. You are repeatedly adding unreferenced content and personal commentary to that article, and other editors are reverting you, because so far, most or all of your edits violate Wikipedia's Policies and guidelines. When several other editors disagree with you, that is an indication that there may be problems with your approach. So, slow down and discuss your proposed changes at Talk: Milan, and only add them back when you have gained consensus. Cullen328 (talk) 04:32, 15 October 2022 (UTC) 08383ef2bb
