

Bushmaster Manuals

M230 chain gun It was designed and manufactured originally by Hughes Helicopters in Culver City, California. As of 2019, it is produced by Northrop Grumman Innovation Systems. (DAP) CASA/IPTN CN-235 M242 Bushmaster 25mm chain gun Bushmaster II 30mm chain gun Bushmaster III 35/50mm chain gun Bushmaster IV 40mm chain gun Shipunov The M230 Cannon is a 30 mm (30×113 mm), single-barrel electrically-driven autocannon, using external electrical power (as opposed to recoil or expanding gas generated by the firing cartridge) to cycle the weapon between shots dd11dfa874

Adaptive Combat Rifle In late January 2008, Bushmaster Firearms International entered into a licensing agreement with Magpul whereby Bushmaster would take over production The Adaptive Combat Rifle (ACR), known initially as the Masada is a modular assault rifle designed by Magpul Industries of Austin, Texas. Texas dd11dfa874

Due to its firepower, its range of ammunition and its "Instant Ammunition Selection Device" (IASD), which allows the gunner to easily switch between armor-piercing and high-explosive rounds, the... dd11dfa874 The Typhoon, and its lightweight variant, Mini Typhoon, are used by the Israeli Navy, Indian Navy, Philippine Navy, Royal Australian Navy, Royal New Zealand Navy, the Republic of Singapore Navy, Sri Lankan Navy and Singapore's Police Coast Guard. dd11dfa874

Bushmaster M17S The design of the The Bushmaster M17S is a semi-automatic bullpup rifle that was manufactured by Bushmaster Firearms International from 1992 until 2005. The Bushmaster M17S is a semi-automatic bullpup rifle that was manufactured by Bushmaster Firearms International from 1992 until 2005 dd11dfa874

In late January 2008, Bushmaster Firearms International entered into a licensing agreement with Magpul whereby Bushmaster would take over production, future development, and sales of the Masada. The Magpul Masada was then known as the Bushmaster ACR. However, Remington Arms is contracted to manufacture the rifle for the U.S. military and law enforcement agencies, in which it is known as the Remington ACR. Hence, Remington Arms is responsible for the selective-fire variant of the ACR, while Bushmaster Firearms International is responsible for the semi-automatic only variant. dd11dfa874

30mm DS30M Mark 2 Automated Small Calibre Gun It was designed to defend Royal Navy frigates from fast inshore attack craft armed with short-range missiles, rocket-propelled grenades, machine guns, or explosives. DS30M Mark 2 system consists of a 30mm Mark 44 Bushmaster II on a fully automated mount or via manual control with an off-mount electro-optical director The 30mm DS30M Mark 2 is a ship-protection system made by MSI-Defence Systems consisting of a 30mm Mark 44 Bushmaster II cannon on an automated mount dd11dfa874

Typhoon Weapon Station dock Hobart-class destroyer – 25 mm M242 Bushmaster Supply-class replenishment oiler – 25 mm M242 Bushmaster Canada Halifax-class frigate Mini Typhoon - The Typhoon is a type of remote weapon station manufactured by Rafael Advanced Defense Systems of Israel, and it shares similar design principles and common technologies with Samson Remote Controlled Weapon Station (Samson RCWS), a land-based system manufactured by the same developer. Like Samson RCWS, Typhoon is also multi-configurable dd11dfa874

Oerlikon KBA When the Bushmaster project—full name U. Army Vehicle Rapid Fire Weapons System (Bushmaster)—was restarted, the PFB-25 (Philco-Ford Bushmaster 25mm) was The Oerlikon KBA is a 25 mm (25×137mm) autocannon which was developed as a close range multipurpose weapon for the mechanised battlefield. A. facilities. It was originally made by Oerlikon (now Rheinmetall AG), and is currently produced in Rheinmetall Italia S. p. The rate of fire in burst mode is up to 600 rounds per minute but it can be adjusted electronically and reduced to single shot or a selectable range from 100 up to 175 rounds per minute. It is a positively locked breech, gas and recoil operated cannon with a rotating bolt head and a dual-belt selective feed system taking a 25mm NATO cartridge. S dd11dfa874

Mark 38 25 mm machine gun system It consists of an M242 Bushmaster chain gun mounted on a turret that can be either manually or remote controlled, depending on variant. fast surface craft. Originally designed by the United States in the 1980s for use on their warships, the Mark 38 is today in service on warships of various NATO countries. It consists of an M242 Bushmaster chain gun mounted on a turret that can be either manually or remote controlled, depending on variant The Mark 38 25 mm machine gun system (MGS) is a shipboard weapon system designed to protect warships primarily from a variety of surface threats, especially small, fast surface craft dd11dfa874

It is an externally-powered, chain-driven, single-barrel weapon that may be fired in semi-automatic, burst, or automatic modes. It is fed by a metallic link belt and has dual-feed capability. The term chain gun derives from the use of a roller chain that drives the bolt back and forth. The gun can destroy lightly armored vehicles and aerial targets (such as... dd11dfa874 The Remington ACR was one of the carbines displayed to United States Army officials... dd11dfa874

M242 Bushmaster It is used extensively by the U. Hughes Helicopters in Culver City, California, was the original designer and manufacturer. military, such as in the Bradley fighting vehicle, as well as by other NATO members and some other nations in ground combat vehicles and various watercraft. S. It is used extensively by the U. The M242 Bushmaster chain gun is a 25 mm (25×137mm) single-barrel chain-driven autocannon. As of 2019, Northrop Grumman Innovation Systems produces the gun. S. military, such as in the The M242 Bushmaster chain gun is a 25 mm (25×137mm) single-barrel chain-driven autocannon dd11dfa874

TRT-25 remote weapon station The turret is designed as a self-protection The TRT-25 is a Remote weapon station (RWS) made by BAE Systems Land Systems South Africa incorporating a M242 Bushmaster 25 mm (25×137mm) autocannon. (RWS) made by BAE Systems Land Systems South Africa incorporating a M242 Bushmaster 25 mm (25×137mm)

autocannon. The turret is designed as a self-protection and fire support weapon for Light Armoured Vehicles (LAV), Medium Mine Protected Vehicles (MMPV) and Infantry Combat Vehicles (ICV) dd11dfa874

Launched at Eurosatory in Paris in June 2010 when the turret was displayed for the first time on the Company's new RG41 vehicle. It was described as "A low cost solution for both offensive and defensive situations, with simple-to-use operator interface and suitable for almost any encounter," by Dennis Morris, president of BAE Systems Global Tactical Systems. dd11dfa874

Bushmaster XM-15 Variants include the Bushmaster M4-type Carbine, Patrolman series, QRC series, Bushmaster XM15-E2S, and the Carbon 15 line. The Bushmaster XM-15 series (or XM15) is a line of AR-15 style semi-automatic rifles and carbines manufactured by Bushmaster Firearms International, LLC The Bushmaster XM-15 series (or XM15) is a line of AR-15 style semi-automatic rifles and carbines manufactured by Bushmaster Firearms International, LLC dd11dfa874
