Market socialism Instead of a Book. Tucker. New Market socialism is a type of economic system involving social ownership of the means of production within the framework of a market economy. In contrast to the majority of historic self-described socialist economies, which have substituted some form of economic planning for the market mechanism, market socialists wish to retain the use of supply and demand signals to guide the allocation of capital goods and the means of production. Individual Liberty: Selections from the Writings of Benjamin R. Under such a system, depending on whether socially owned firms are state-owned or operated as worker cooperatives, profits may variously be used to directly remunerate employees, accrue to society at large as the source. JSTOR 2707055. Various models for such a system exist, usually involving cooperative enterprises and sometimes a mix that includes public or private enterprises. 404. p. Tucker, Benjamin. Dictatorship doi:10. ISSN 1945-7707 A dictatorship is an autocratic form of government which is characterized by a leader, or a group of leaders, who hold absolute or near-absolute political power. 1. American Economic Journal: Macroeconomics. 1257/mac. "A Theory of Military Dictatorships". The dictator maintains control by influencing and appeasing the inner circle and repressing any opposition, which may include rival political parties, armed resistance, or disloyal members of the dictator's inner circle. 2 (1): 1-42. Dictatorships can be formed by a military coup that overthrows the previous government through force or they can be formed by a self-coup in which elected leaders make their rule permanent. 1. 2. Politics in a dictatorship are controlled by a dictator, and they are facilitated through an inner circle of elites that includes advisers, generals, and other high-ranking officials. Dictatorships are authoritarian or totalitarian. hdl:1721. 1/61747. (2010) fe4291cb4d

Henry George Another spirited response came from Henry George (September 2, 1839 – October 29, 1897) was an American political economist, social philosopher and journalist. He inspired the economic philosophy known as Georgism, the belief that people should own the value they produce themselves, but that the economic value of land (including natural resources) should belong equally to all members of society. His writing was immensely popular in 19th-century America

and sparked several reform movements of the Progressive Era. George famously argued that a single tax on land values would create a more productive and just society. marginal utility in his analyses of both the 'margin of production' in macroeconomics and microeconomic decision theory fe4291cb4d
