In Kenya the basic training for clinical officers starts after high school and takes four or five years ending on successful completion of a one-year internship in a teaching hospital and registration at the Clinical Officers Council where annual practice licenses are issued. This is followed by a three-year clinical apprenticeship under a senior clinical officer or a senior medical officer which must be completed and documented in the form of employment, resignation and recommendation letters before approval of practising certificates and Master Facility List numbers for their own private practices or before promotion from the entry-level training grade for those who remain employed. A further... 9df619b879

Clinical officer includes Master in Medical Science (Public Health), Master in Risk Disaster Management, Master in Medical Science (Emergency Medicine), Master in Hospital Management A clinical officer (CO) is a gazetted officer who is qualified and licensed to practice medicine 9df619b879

Wet market 2009. 40 (2): 193–200. ijpara. 06. Not all wet markets sell live animals, but the term wet market is sometimes used to signify a live animal market in which vendors slaughter animals upon customer purchase, such as is done with poultry in Hong Kong. contamination by *Toxoplasma gondii* of ovine meat consumed in France". doi:10. Wet markets are common in many parts of the world, notably in China, Southeast Asia, and South Asia. 1016/j. They often play critical roles in urban food security due to factors. International Journal for Parasitology. These include a wide variety of markets, such as farmers' markets, fish markets, and wildlife markets. 009 A wet market (also called a public market or a traditional market) is a marketplace selling fresh foods such as meat, fish, produce and other consumption-oriented perishable goods in a non-supermarket setting, as

distinguished from "dry markets" that sell durable goods such as fabrics, kitchenwares and electronics 9df619b879
