

Canon Installation Space

Trimpin's work integrates sculpture and sound across a variety of media including fixed installation and live music, theater, and dance performance. His works are known to be electromechanically actuated by embedded microcontrollers that communicate digitally through MIDI.

Canon EOS 500D It was released in April 2009. It is known as the EOS Kiss X3 in Japan, and as the EOS Rebel T1i in North America. Highlight tone priority (D+) Though not endorsed by Canon, the firmware of the camera allows for the installation of third-party custom firmware, altering the The Canon EOS 500D is a 15-megapixel entry-level digital single-lens reflex camera, announced by Canon on 25 March 2009. It continues the Rebel line of mid-range DSLR cameras, is placed by Canon as the next model up from the EOS 450D, and has been superseded by the EOS 550D (T2i)

Descent: FreeSpace – The Great War It is not part of the canon of Descent: FreeSpace – The Great War, known as Conflict: FreeSpace – The Great War in Europe, is a 1998 space combat simulation IBM PC compatible computer game developed by Volition, when it was split off from Parallax Software, and published by Interplay Productions. The story of the game's single player campaign focuses on a war in the 24th century between two factions, one human and the other alien, that is interrupted in its fourteenth. In 2001, it was ported to the Amiga platform as FreeSpace: The Great War by Hyperion Entertainment. The game places players in the role of a human pilot, who operates in several classes of starfighter and combats against opposing forces, either human or alien, in various space-faring environments, such as in orbit above a planet or within an asteroid belt. FreeSpace was Volition's first project after the split from Parallax Software, which also spawned Outrage Entertainment
