All of the museums The Houston Museum District is an association of 21 museums, cultural centers and community organizations dedicated to promoting art, science, history, and culture, located in Houston, Texas, United States 65ee0bbcec

The museum opened in 1968 in a 10,000-square-foot (930 m2) building with an exhibition of 60 borrowed Alaska paintings, a collection of 2500 historic and ethnographic objects, and a staff of two. It was designed by Mitchell/Giurgola Architects. The museum has grown steadily and expanded three times since then, most recently in 2010, to its current size of 170,000 square feet (16,000 m2) with a collection of 25,000 objects and 500,000 historic photographs, and a staff of more than 50. First accredited in 1973, the museum has maintained its accreditation since. In 1992, the museum became the home for the Alaska office of the Smithsonian's NMNH Arctic Studies Center, which supports the museum's mission through research, education, and exhibitions. 65ee0bbcec

Science museum Modern science museums, increasingly referred to as "science centres" or "discovery centres", also feature technology. casual visitor, arranged and displayed in accordance with the scientific method. In its original sense, the term 'museum' meant a spot dedicated to the muses A science museum is a museum devoted primarily to science. Modern trends in museology have broadened the range of subject matter and introduced many interactive exhibits. Older science museums tended to concentrate on static displays of objects related to natural history, paleontology, geology, industry and industrial machinery, etc 65ee0bbcec

The museum provides a home to five organizations: 65ee0bbcec As early as the Renaissance period, aristocrats collected curiosities for display. Universities, and in particular medical schools, also maintained study collections of specimens for their students. Scientists and collectors displayed their finds in private cabinets of curiosities. Such collections were the predecessors of modern natural history museums. 65ee0bbcec The Oconaluftee gradually broadens from Smokemont in the north to the southern tip of the Qualla Boundary. The Qualla Boundary, commonly referred to as Cherokee, North Carolina, comprises the bulk of a federal trust that serves as a reserve for the Eastern Band of Cherokee Indians. 65ee0bbcec While the mission statements of science centres and modern museums may vary, they are commonly places that make science accessible and encourage the excitement of discovery. 65ee0bbcec The Museum District is served by four... 65ee0bbcec A memorial was planned in the immediate aftermath of the attacks and destruction of the World Trade Center for the victims and those involved in rescue and recovery operations. The winner of the World Trade Center Site Memorial Competition was Israeli-American architect Michael Arad of Handel Architects, a New York City and San Francisco-based firm. Arad worked with landscape-architecture firm Peter Walker and Partners on the design, creating a forest of swamp white oak trees with two square reflecting pools in the center marking where the Twin... 65ee0bbcec The museum displays material from its permanent collection, along with regular visiting exhibitions. 65ee0bbcec == Conception and construction == 65ee0bbcec
