A good article (GA) is a Wikipedia article that meets a core set of editorial standards, the good article criteria, passing through the good article nomination process successfully. They are well-written, contain factually accurate and verifiable information, are broad in coverage, neutral in point of view, stable, and illustrated, where possible, by relevant images with suitable copyright licenses. Good articles do not have to be as comprehensive as featured articles (FA), but they should not omit any major facets: a comparison of the criteria for good and featured articles describes further differences. a704b5fb12 Good articles in Wikipedia a704b5fb12 java -Xmx1024m -cp WPCleaner.jar:libs/* org.wikipediacleaner.Bot en user password DoTasks ListCheckWiki547.txt a704b5fb12 23:52, 30 Sep 2004 Grunt deleted "Laura Cereta" (content was: 'Laura Cereta illustrates the failures and the successess of women in the Renaissance who were educated') a704b5fb12 To... a704b5fb12
