List of scientific misconduct incidents A Lancet review on Handling of Scientific Misconduct in Scandinavian countries gave examples of policy definitions. ". In Denmark, scientific misconduct is defined as "intention[al] negligence leading to fabrication of the scientific message or a false credit or emphasis given to a scientist", and in Sweden as "intention[al] distortion of the research process by fabrication of data, text, hypothesis, or methods from another researcher's manuscript form or publication; or distortion of the research process in other ways. Jan Hendrik Schön (Germany, US), a researcher in the physics of semiconductors formerly employed by Bell Labs, forged results by using the same Scientific misconduct is the violation of the standard codes of scholarly conduct and ethical behavior in the publication of professional scientific research. and 118 ee0d7d9c0e

Wikipedia:Language learning centre/Word list investigation investigations investigative investigator investigators investigatory investing investiture investment investments investor investors invests Drawing up a comprehensive list of words in English is important as a reference when learning a language as it will show the equivalent words you need to learn in the other language to achieve fluency. You can use the list to generate your own lists in whatever language you're learning and to test yourself. A big list will constantly show you what words you don't know and what you need to work on and is useful for testing yourself. Eventually these words will all be translated into big lists in many different languages and using the words in phrase contexts as a resource
