

Lean Quickstart Guide A Simplified Beginner S Guide To Lean

Hi i have suggestion, to have a "Today's featured article" section is great, but wouldnt it be good to have a "Article that needs your help" section to (or similar name). Where everyday 1 or up to 5 articles are posted which are in need of help, which could be any article basically. As long as it is not a Featured article. My suggestion would be to have a similar style like the "Todays featured article" with one listed article everyday that is todays help article, or to have a list of 5 articles that is todays articles that need help from the editors. Please come with more suggestions and we might get some consensus. would be nice. But my main suggestion is to have one article per day that is under the "Article that needs your help which perhaps could stand beside todays featured article or in a small column or similar. --Judo112 (talk) 21:24, 12 September 2009 (UTC) 9afb7c266

My main reason for the suggestion is that i think that there is thousands of articles that could be mutch improved if more people knew about them and paid them attention. I also believe that it is a project that could improve the overall standard of articles on Wikipedia.-- Judo112 (talk... 9afb7c266 {{u|Sd kb}} talk 02:31, 7 October 2020 (UTC) 9afb7c266
