

Albert Einstein

Planning for the college was initiated by Yeshiva University President Samuel Belkin in 1945. Physicist Albert Einstein, who noted that the college... ef031b0eae

Einstein family Einstein's fourth-great-grandfather, Jakob Weil, was his oldest recorded relative, born in the late 17th century, and the family continues to this day. Einstein's fourth-great-grandfather, Jakob Weil, was his oldest recorded relative The Einstein family is the family of physicist Albert Einstein (1879–1955). Albert Einstein's second-great-grandfather, Löb Moses Sontheimer (1745–1831), was also the grandfather of the tenor Heinrich Sontheim (1820–1912) of Stuttgart. The Einstein family is the family of physicist Albert Einstein (1879–1955) ef031b0eae

Born in the German Empire, Einstein moved to Switzerland in 1895, forsaking his German citizenship (as a subject of the Kingdom of Württemberg) the following year. In 1897, at the age of seventeen, he enrolled in the mathematics and physics teaching diploma program at the Swiss federal polytechnic... ef031b0eae

Albert Einstein Medal First given in 1979, the award is presented to people for "scientific findings, works, or publications related to Albert Einstein" each year. The Albert Einstein Medal is an award presented by the Albert Einstein Society in Bern. First given in 1979, the award is presented to people for "scientific The Albert Einstein Medal is an award presented by the Albert Einstein Society in Bern ef031b0eae

Albert Einstein Einstein also made important contributions to quantum theory. He received the 1921 Nobel Prize in Physics for his services to theoretical physics, and especially for his discovery of the law of the photoelectric effect. His mass-energy equivalence formula $E = mc^2$, which arises from special relativity, has been called "the world's most famous equation". Albert Einstein (14 March 1879 – 18 April 1955) was a German-born theoretical physicist who is best known for developing the theory of relativity. Einstein Albert Einstein (14 March 1879 – 18 April 1955) was a German-born theoretical physicist who is best known for developing the theory of relativity ef031b0eae

This award should not be confused with many others named after the famous physicist, such... ef031b0eae

Brain of Albert Einstein Albert Einstein's brain was removed shortly after his death. His apparent regularities or irregularities in the brain have been used to support various ideas about correlations in neuroanatomy with general or mathematical intelligence. Albert Einstein's brain was removed shortly after his death. Studies have suggested an increased number of glial cells in Einstein's brain. The brain of Albert Einstein has been a subject of much research and speculation. His apparent The brain of Albert Einstein has been a subject of much research and speculation

Albert Einstein College of Medicine Founded in 1953, Einstein is an independent degree-granting institution The Albert Einstein College of Medicine is a private medical school in New York City. The Albert Einstein College of Medicine is a private medical school in New York City. Founded in 1953, Einstein is an independent degree-granting institution within the Montefiore Einstein Health System

Religious and philosophical views of Albert Einstein He clarified, however, that, "I am not an atheist", preferring to call himself an agnostic, or a "religious nonbeliever. Albert Einstein stated "I believe in Spinoza's God". Albert Einstein's religious views have been widely studied and often misunderstood. Einstein rejected a conflict between science and religion, and held that cosmic religion was necessary for science. He did not believe Albert Einstein's religious views have been widely studied and often misunderstood. Albert Einstein stated "I believe in Spinoza's God". He did not believe in a personal God who concerns himself with fates and actions of human beings, a view which he described as naïve. Einstein also stated he did not believe in life after death, adding "one life is enough for me. " He was closely involved in his lifetime with several humanist groups. " In other interviews, he stated that he thought that there is a "lawgiver" who sets the laws of the universe

Albert Einstein Peace Prize The Foundation dates from The Albert Einstein Peace Prize was a peace prize awarded annually since 1980 by the Albert Einstein Peace Prize Foundation. Swartz was involved in the Pugwash Conferences on Science and World Affairs and established the Foundation in part to support Pugwash. Prize winners, mainly active in nuclear disarmament, receive(d) \$50,000. Swartz (1912–87) a wealthy businessman and the grandfather of activist Aaron Swartz. William M. The Albert Einstein Peace Prize was a peace prize awarded annually since 1980 by the Albert Einstein Peace Prize Foundation. The Foundation dates from 1979, the centenary of the birth of Albert Einstein, and evokes the Russell-Einstein Manifesto which urges nuclear disarmament. It was established, with the sponsorship of the trustees of Einstein's estate, by William M

The last known Albert Einstein Peace Prize was awarded in 1992, to Joseph Rotblat and Hans Bethe at a conference marking the...

Albert Einstein Award The Albert Einstein Award was an award in theoretical physics, given periodically from 1951 to 1979, that was

established to recognize high achievement The Albert Einstein Award was an award in theoretical physics, given periodically from 1951 to 1979, that was established to recognize high achievement in the natural sciences. Lewis L. Strauss used to be one of the trustees of the institute. It was endowed by the Lewis and Rosa Strauss Memorial Fund in honor of Albert Einstein's 70th birthday. It was first awarded in 1951 and, in addition to a gold medal of Einstein by sculptor Gilroy Roberts, it also included a prize money of \$15,000, which was later reduced to \$5,000. The winner was selected by a committee (the first of which consisted of Einstein, Oppenheimer, von Neumann, and Weyl) of the Institute for Advanced Study, which administered the award ef031b0eae

Albert's three children were from his relationship with his first wife, Mileva Marić, his daughter Lieserl being born a year before they married. Albert Einstein's second wife was Elsa Einstein, whose mother Fanny Koch was the sister of Albert's mother, and whose father, Rudolf Einstein, was the son of Raphael Einstein, a brother of Albert's paternal grandfather. Albert and Elsa were thus first cousins through... ef031b0eae

Albert Einstein Memorial It is located in central Washington, D. , United States, in a grove of trees at the southwest corner of the grounds of the National Academy of Sciences at 2101 Constitution Avenue N. Two replicas exist at the Israel Academy of Sciences and Humanities and the Georgia Institute of Technology. It The Albert Einstein Memorial is a monumental bronze statue by sculptor Robert Berks, depicting Albert Einstein seated with manuscript papers in hand. Political views of Albert Einstein ". Einstein was a peace activist and a firm advocate of global federalism and world law. German-born scientist Albert Einstein was best known during his lifetime for his development of the theory of relativity, his contributions to quantum German-born scientist Albert Einstein was best known during his lifetime for his development of the theory of relativity, his contributions to quantum mechanics, and many other notable achievements in modern physics. However, Einstein's political views also garnered much public interest due to his fame and involvement in political, humanitarian, and academic projects around the world. He also wrote: "the population of Europe has grown from 113 million to almost 400 million during the last century... a terrible thought, which could almost make one reconciled to war. He favoured the principles of socialism, asserting that it was an ideological system that fixed what he perceived as the inherent societal shortcomings ef031b0eae

Einstein hosts MD, PhD, and masters programs. Admission to its MD program is highly selective, with an acceptance rate of 1.85% in 2024. Joint masters are offered with the City University of New York and Yeshiva University's Cardozo School of Law. Einstein is also home to one of the first three Medical Scientist Training Programs inaugurated in 1964. This joint MD/PhD program has received continuous funding from the National Institutes of Health. ef031b0eae
