The pupil will easily find examples in the literature [such as Schoenberg's *Verklärte Nacht* and Strauss's opera *Salome*]. It is not necessary to set up special laws for its treatment. Jazz guitar had an important influence on jazz in the beginning of the twentieth century. Although the earliest guitars used in jazz were acoustic and acoustic guitars are still sometimes used in jazz, most jazz guitarists since the 1940s have performed on an electrically amplified guitar or electric guitar.
