Sexism Sexism may arise from social or cultural customs and norms. An example of this is workplace inequality. It has been linked to gender roles and stereotypes, and may include the belief that one sex or gender is intrinsically superior to another. Extreme sexism may foster sexual harassment, rape, and other forms of sexual violence. Sexism refers to violation of equal opportunities (formal equality) based on gender or refers to violation of equality of outcomes based on gender, also called

substantive equality. Discrimination in this context is defined as discrimination toward people based on their gender identity or their gender or sex differences. Sexism can affect anyone, but primarily affects women and girls.
