Conversation piece Similar paintings can also be found in other periods and outside of England. The setting of various figures "conversing" in an intimate setting appears to call for small-scale paintings, but some artists treated this subject matter in the Grand Manner, with almost life-size figures. It was an especially popular genre in 18th-century England, beginning from the 1720s,

largely due to the influence of William Hogarth. The persons depicted may be members of a family as well as friends, members of a society or hunt, or some other grouping who are shown sharing common activities such as hunts, meals, or musical parties. were referred to as 'conversations'. In England the term 'conversation' or 'conversation piece' was first used at the end of the 17th A conversation piece refers to a group portrait in a domestic or landscape setting depicting persons chatting or otherwise socializing with each other 8385764b95
