These prohibitions have been applied historically in varying degrees in Muslim countries/communities to prevent un-Islamic practices. In the late 20th century, as part of the revival of Islamic identity, a number of Islamic banks formed to apply these principles to private or semi-private commercial institutions within the Muslim community. Their number and size has grown, so that by 2009, there were over 300... d1c9047489

Sustainable finance Sustainable finance has become an established part of higher education in business and economics. (ISSB; IFRS S1 and IFRS S2). Many universities worldwide Sustainable finance is the set of practices, standards, norms, regulations and products that pursue financial objectives while taking into account environmental, social, and governance considerations. It is important to distinguish between ESG integration for better risk-adjusted returns and the broader field of sustainable finance that also includes impact investing, social finance and ethical investing. It is often used interchangeably with Environmental, Social & Governance (ESG) investing d1c9047489

Private finance initiative that the UK Government will no longer use PF2, the current model of Private Finance Initiative, for new infrastructure projects, due to value-for-money considerations The private finance initiative (PFI) was a United Kingdom government procurement policy aimed at creating "public-private partnerships" (PPPs) where private firms are contracted to complete and manage public projects. Initially launched in 1992 by Prime Minister John Major, and expanded considerably by the Blair government, PFI is part of the wider programme of privatisation and macroeconomic public policy, and presented as a means for increasing accountability and efficiency for public spending d1c9047489

A key idea is that sustainable finance allows the financial system to connect with the economy and its populations by seeking a growth objective. The long-standing concept was promoted with the adoption of the Paris Climate Agreement, which stipulates that parties must make "finance flows consistent with a pathway towards low greenhouse gas emissions and climate-resilient development." In addition, sustainable finance has a key role to play in the European Green Deal and in other EU International agreements, and its popularity continues to grow in financial markets. d1c9047489 Sharia prohibits riba, or usury, generally defined as interest paid on all loans of money (although some Muslims dispute whether there is a consensus that interest is equivalent to riba). Investment in businesses that provide goods or services considered contrary to Islamic principles (e.g. pork or alcohol) is also haram ("sinful and prohibited"). d1c9047489
