A chord's notes are often played simultaneously, but they can be played sequentially in an arpeggio. 30-31) Griewank In music, a guitar chord is a set of notes played on a guitar. The implementation of guitar chords depends on the guitar tuning. Most guitars used in popular music have six strings with the "standard" tuning of the Spanish classical guitar, namely E-A-D-G-B-E' (from the lowest pitched string to the highest); in standard tuning, the intervals present among adjacent strings are perfect fourths except for the major third (G,B). Jazz scale Harmony 1. www. apassion4jazz A jazz scale is any musical scale used in jazz. Berklee

College of Music. Nettles, Barrie (1987). Many "jazz scales" are common scales drawn from Western European classical music, including the diatonic, whole-tone, octatonic (or diminished), and the modes of the ascending melodic minor. 126. All of these scales were commonly used by late nineteenth and early twentieth-century composers such as Rimsky-Korsakov, Debussy, Ravel and Stravinsky, often in ways that directly anticipate jazz practice. 34. Some jazz scales, such as the eight-note bebop scales, add additional chromatic passing tones to the familiar seven-note diatonic scales. p.
