

Robot Voyagers Robozones

Games features in the magazine. There is a dedicated "Software Reviews" where games and other software are bunched up. Individual games also appear as full features, though there's not much difference except they are usually full-page whereas reviews can be quite short. These don't include type-ins/listings. f643ab38dc There are 2399 games on this list. f643ab38dc
