Astrophysical maser Monthly Notices of the Royal Astronomical An astrophysical maser is a naturally occurring source of stimulated spectral line emission, typically in the microwave portion of the electromagnetic spectrum. Anish Rishi; Rajendra Prasad (2005). This emission may arise in molecular clouds, comets, planetary atmospheres, stellar atmospheres, or various other conditions in interstellar space. 4 using the National MST Radar Facility". "A search for 53 MHz OH line near G48. 4\$-\$1 a9694e674a

Ohm's law Fundamentals of Electrical Engineering. Hughes, E, Electrical Technology Ohm's law states that the electric current through a conductor between two points is directly proportional to the voltage across the two points. Prasad, Rajendra (2006). Prentice-Hall of India. ISBN 978-0-471-59319-5. Introducing the constant of proportionality, the resistance, one arrives at the three mathematical equations used to describe this relationship:. ISBN 978-81-203-2729-0 a9694e674a

R a9694e674a R a9694e674a = a9694e674a where I is the current through the conductor, V is the voltage... a9694e674a or a9694e674a I a9694e674a He developed (with Harvard professor Yu-Chi Ho) the Ho-Kashyap rule, an important result (algorithm) in pattern recognition. a9694e674a In 1982, he presented the Kashyap information criterion (KIC) to select the best model from a set of mathematical candidate models with different numbers of unknown parameters. These parameters are adjusted to adapt the models to data (observations) that have trends and statistical variation in the measured values. a9694e674a

Rangasami L. Kashyap November 2022) was an Indian applied mathematician and a Professor of Electrical Engineering at Purdue University. He developed (with Harvard professor Yu-Chi Rangasami Lakshminarayan Kashyap (28 March 1938 - 11 November 2022) was an Indian applied mathematician and a Professor of Electrical Engineering at Purdue University a9694e674a

He is a Fellow of the Institute of Electrical and Electronics Engineers, the International Association for Pattern Recognition, and the Indian Institute of Electronic and Telecommunication Engineers...

Automation The benefit of automation includes labor savings, reducing waste, savings in electricity costs, savings in material costs, and improvements to quality, accuracy, and precision. Ghosh, Bhaskar; Prasad, Rajendra; Pallail, Gayathri (2021). Automation has been achieved by various means including mechanical, hydraulic, pneumatic, electrical, electronic devices, and computers, usually in combination. Complicated systems, such as modern factories, airplanes, and ships typically use combinations of all of these techniques. The Automation Advantage: Embrace the Future of Productivity and Improve Speed Automation describes a wide range of technologies that reduce human intervention in processes, mainly by predetermining decision criteria, subprocess relationships, and related actions, as well as embodying those predeterminations in machines

He was a recipient of the Padma Bhushan, India's third-highest civilian honor, in 2002 for his contributions to the Indian software industry. He is referred to as the "Father of the Indian IT Industry", for his contributions to the establishment and growth of the Indian IT industry.

Anant Agarwal professor of electrical engineering and computer science at the Massachusetts Institute of Technology (MIT), where he led the development of Alewife, an Anant Agarwal is an Indian computer architecture researcher. He is the founder and CTO of Tilera, a fabless semiconductor company focusing on scalable multicore embedded processor design. He is a professor of electrical engineering and computer science at the Massachusetts Institute of Technology (MIT), where he led the development of Alewife, an early cache coherent multiprocessor, and has been director of the MIT Computer Science and Artificial Intelligence Laboratory. He is the CEO of edX, a joint partnership between MIT and Harvard University that offers free online learning

$$V=IR \quad \text{or} \quad I=\frac{V}{R} \quad \text{or} \quad R=\frac{V}{I}$$
 Environmental issues are one of the primary causes of disease, health issues and long term livelihood impact for India.

Indian Institute of Science It was granted a deemed university status in 1958 and recognized as an Institute of Eminence in 2018. K. Sankararamakrishnan V. It is located in Bengaluru, Karnataka. Rajasekharan Madan Rao Gundabathula Venkateswara Rao D. Srinivasa Reddy Rajendra Prasad Roy R. The institute was established in 1909 with active support from Jamsetji Tata and thus is also locally known as the Tata Institute. Saraswat Sagar Sengupta Shubhanshu The Indian Institute of Science (IISc) is a public, deemed, research university for higher

education and research in science, engineering, design, and management

Environmental issues in India Chabukdhara, Mayuri; Munjal, Amit; Nema, Arvind K. ; Gupta, Sanjay K. "Heavy metal contamination in vegetables grown around There are multiple environmental issues in India. Air pollution, water pollution, garbage, domestically prohibited goods and pollution of the natural environment are all challenges for India. However, pollution still remains a major challenge and opportunity for the country. ; Kaushal, Rajendra Kumar (2 April 2016). According to data collected and environmental assessments studied by World Bank experts, between 1995 through 2010, India has made some of the fastest progress in addressing its environmental issues and improving its environmental quality in the world. Nature is also causing some drastic effects on India. The situation was worse between 1947 through 1995 a9694e674a
