United States Academic Decathlon The competition consists of seven objective multiple choice tests, two subjective performance events, and an essay. Academic Decathlon was created by Robert Peterson in 1968 for local schools in Orange County, California, and was expanded nationally in 1981 by Robert Peterson, William Patton, first President of the new USAD Board; and Phillip Bardos, Chairman of the new USAD Board. whereas the latter three are graded by judges. The multiple choice exams consist of 50 questions each, with the exception of math, which has 35 questions. The Academic Decathlon (also called AcDec, AcaDeca or AcaDec) is an annual high school academic competition organized by the non-profit United States Academic Decathlon (USAD). That year, 17 states and the District of Columbia participated, a number that has grown to include most of the United States and some international schools. In 2015 Academic Decathlon held its first ever International competition in Shanghai, China. Once known as United States Academic Decathlon, on March 1, 2013, it began operating as the Academic Decathlon bdd04298c4
