Born into a family of mixed Irish, Afrikaans, Yorkshire and Scottish descendants, English's father died at age 49, leaving his mother to bring up two children in South Africa. After completing a degree in Mining Engineering in Johannesburg, he was inspired by a maternal uncle, who was a surgeon... Civil engineering is traditionally broken into a number of sub-disciplines. It is considered the second-oldest engineering discipline after military engineering, and it is defined to distinguish non-military engineering from military engineering. Civil engineering can take place in the public sector from municipal public works departments through to federal government agencies, and in the private sector from locally based firms to Fortune Global 500 companies. Oxford Brookes University is predominantly based at a campus in Headington, Oxford. A second campus is located in Swindon. Two campuses located on the outskirts of Oxford, the Wheatley campus (originally Lady Spencer-Churchill College) and the Harcourt Hill campus, closed in 2024 and 2025 respectively, with all activities moving to Headington.

University of Oxford The two English ancient universities share many common features and are jointly referred to as Oxbridge. It grew rapidly from 1167, when Henry II prohibited English students from attending the University of Paris. There is evidence of teaching as early as 1096, making it the oldest university in the English-speaking world and the world's second-oldest university in continuous operation. When disputes erupted between students and the Oxford townspeople, some Oxford academics fled northeast to Cambridge, where they established the University of Cambridge in 1209. the Oxford townspeople, some Oxford academics fled northeast to Cambridge, where they established the University of

The DEng/EngD along with the PhD represents the highest academic qualification in engineering, and the successful completion of either in engineering is generally required to gain employment as a full-time, tenure-track university professor or postdoctoral researcher in the field. However, due to its nature, a DEng/EngD graduate might be more suitable for the Professor of Practice position. Individuals can use the academic title doctor, which is often represented via the English honorific... c7e3beld8b
