Child abuse Caffey J (1946) Multiple Child abuse (also called child endangerment or child maltreatment) is physical, sexual, emotional and/or psychological maltreatment or neglect of a child, especially by a parent or a caregiver. Child abuse may include any act or failure to act by a parent or a caregiver that results in actual or potential wrongful harm to a child and can occur in a child's home, or in organizations, schools, or communities the child interacts with. Surgery, Gynecology and Obstetrics 61: 385-387. T, Knapp R E, Wilson H B (1935) Traumatic ossifying periostitis of the newborn 62f46c2185

Although the exact cause of PPD is unclear, it is believed to be due to a combination of physical, emotional, genetic, and social factors such as hormone imbalances and sleep deprivation. Risk factors include prior episodes of postpartum depression, bipolar disorder, a family history of depression, psychological stress, complications of childbirth, lack of support, or a drug use disorder. Diagnosis is based on a person's symptoms. While most women experience a brief period... 62f46c2185

Cousin marriage e. people with common grandparents or people who share other fairly recent ancestors). In February 2025, researchers involved in the Born in A cousin marriage is a marriage where the spouses are cousins (i. Cousin marriage is an important topic in anthropology and alliance theory. Worldwide, more than 10% of marriages are between first or second cousins. The practice was common in earlier times and continues to be common in some societies today. Nepal, consanguineous marriage emerged as a leading cause of eye cancer in newborn children in 2017. In some jurisdictions such marriages are prohibited due to concerns about inbreeding 62f46c2185

Lullaby As a result, the music is often simple and repetitive. International Journal of Nursing Studies. In some societies, they are used to pass down cultural knowledge or tradition. music during kangaroo care on maternal state anxiety and preterm infants' responses". The purposes of

lullabies vary. In addition, lullabies are often used for the developing of communication skills, indication of emotional intent, maintenance of infants' undivided attention, modulation of infants' arousal, and regulation of behavior. 43 (2): 139–46. doi:10 A lullaby (), or a cradle song, is a soothing song or piece of music that is usually played for (or sung to) children (for adults see music and sleep). Lullabies can be found in many countries, and have existed since ancient times. Perhaps one of the most important uses of lullabies is as a sleep aid for infants 62f46c2185

Elisabeth Hering She then spent three months in Basel learning newborn care, living under the supervision of her husband's mentor, Pastor Ansbach Elisabeth Hering (née Leicht, first married name Ackner; 17 January 1909, Klausenburg, Austria-Hungary – 15 July 1999, Leipzig, Germany) was an East German writer, primarily known for her work in historical novels and children's literature. relationship with Hans improved. In 1956, she received the Ministry of Culture of the GDR award for the best work for children and youth 62f46c2185

Hering came from an educated family of Transylvanian Saxons in Transylvania, then in Austria-Hungary and now in Romania. In her first marriage, she was the wife of a pastor and had five children. Since 1944, she lived in East Germany, primarily in Leipzig. In 1951, she published her first works in the historical novel genre, producing eleven books focused on Ancient Egypt, Korea, Muslim countries, and Germany and Austria from the 17th to 20th centuries... 62f46c2185 Funeral displays and expenses were supposedly... 62f46c2185

Postpartum depression Ladewig PA, London ML, Davidson MR (2017). 166–174. Contemporary Maternal-Newborn Nursing Care, 9th Edition. Symptoms include extreme sadness, low energy, anxiety, crying episodes, irritability, and extreme changes in sleeping or eating patterns. pp. Postpartum depression (PPD), also called perinatal depression, is a mood disorder which may be experienced by pregnant or postpartum women. PPD can also negatively affect the newborn child. Hoboken, NJ: Pearson Education 62f46c2185

It is classified as an inherited metabolic disorder. CAH is an autosomal recessive condition since it results from inheriting two copies of the faulty CYP21A2 gene responsible for 21-hydroxylase enzyme deficiency. The most common forms of CAH are: classical form, usually diagnosed at birth, and nonclassical, late onset form, typically diagnosed during childhood or adolescence, although it can also be identified in adulthood when seeking

medical help for fertility concerns or other related issues, such as PCOS or menstrual irregularities. Carriers for the alleles of the nonclassical forms may have no symptoms, such form of CAH is... 62f46c2185

Sexism It has been linked to gender roles and stereotypes, and may include the belief that one sex or gender is intrinsically superior to another. Extreme sexism may foster sexual harassment, rape, and other forms of sexual violence. Sexism may arise from social or cultural customs and norms. Discrimination in this context is defined as discrimination toward people based on their gender identity or their gender or sex differences. Sexism can affect anyone, but primarily affects women and girls. Sexism refers to violation of equal opportunities (formal equality) based on gender or refers to violation of equality of outcomes based on gender, also called substantive equality. " It "is recognized internationally as a violation of the human Sexism is prejudice or discrimination based on one's sex or gender. An example of this is workplace inequality. infections, as well as complications in childbirth and increased risk of newborn deaths 62f46c2185

Queen Victoria Nevertheless, over the following seventeen years, she Victoria (Alexandrina Victoria; 24 May 1819 – 22 January 1901) was Queen of the United Kingdom of Great Britain and Ireland from 20 June 1837 until her death. Her reign of 63 years and 216 days, which was longer than those of any of her predecessors, constituted the Victorian era. It was a period of industrial, political, scientific, and military change within the United Kingdom, and was marked by a great expansion of the British Empire. In 1876, the British parliament voted to grant her the additional title of Empress of India. hated being pregnant, viewed breast-feeding with disgust, and thought newborn babies were ugly 62f46c2185

Congenital adrenal hyperplasia due to 21-hydroxylase deficiency PMID 28771930. 22 (4). doi:10. PMC 5884098. "Newborn screening, prenatal diagnosis Congenital adrenal hyperplasia due to 21-hydroxylase deficiency (CAH) is a genetic disorder characterized by impaired production of cortisol in the adrenal glands. 12190. Specialists in Pediatric Nursing. Pang S, Clark A (1990). 1111/jspn 62f46c2185

Different jurisdictions have different requirements for mandatory reporting and have developed different definitions of what constitutes child abuse, and therefore have different criteria to remove children from their families or to prosecute a criminal charge. 62f46c2185

Roman funerary practices The death rate among newborns and young children was very - Roman funerary practices include the Ancient Romans' religious rituals concerning funerals, cremations, and burials. Sometimes the political elite gave costly public feasts, games and popular entertainments after family funerals, to honour the departed and to maintain their own public profile and reputation for generosity. They were part of time-hallowed tradition (Latin: *mos maiorum*), the unwritten code from which Romans derived their social norms. Elite funeral rites, especially processions and public eulogies, gave the family an opportunity to publicly celebrate the life and deeds of the deceased, their ancestors, and the family's standing in the community. through childbirth 25 maternal deaths per 1,000 births (including still-births) is suggested. The Roman gladiator games began as funeral gifts for the deceased in high-status families

Ainu people These regions are often referred to as Ezochi (エゾ) and its inhabitants as Emishi (エミシ) in historical Japanese texts. 'the land of the Ainu'), since before the arrival of the modern Yamato and Russians. They have occupied these areas, known to them as "Ainu Mosir" (Ainu: アイヌモシル, lit. Newborn babies are named *ayay* ('a baby's crying'), *shipo*, *poyshi* ('small excrement') The Ainu are an indigenous ethnic group who reside in northern Japan and southeastern Russia, including Hokkaido and the Tōhoku region of Honshu, as well as the land surrounding the Sea of Okhotsk, such as Sakhalin, the Kuril Islands, the Kamchatka Peninsula, and the Khabarovsk Krai. they are called by various temporary names until the age of two or three. Along with the Yamato and Ryukyuan ethnic groups, the Ainu people are one of the primary historic ethnic groups of Japan and are along with the Ryukyuan one of the few ethnic minorities native to the Japanese archipelago

Victoria was the daughter of Prince Edward, Duke of Kent and Strathearn (the fourth son of King George III), and Princess Victoria of Saxe-Coburg-Saalfeld. After the deaths of her father and grandfather in 1820, she was raised under close supervision by her mother and... In some cultures and communities, cousin marriages are considered ideal and are actively encouraged and expected; in others, they are seen as incestuous and are subject to social stigma and taboo. Other societies may take a neutral view of the practice, neither encouraging nor condemning it, though it is usually not considered...
