History of Germany When the Frankish Empire was divided among Charles the Great's heirs in 843, the eastern part became East Francia, and later Kingdom of Germany. In 962, Otto I became the first Holy Roman Emperor of the Holy Roman Empire, the medieval German state. Economou, Christos; Francken, Michael; Friederich, Susanne; Pena, Rafael Garrido; Hallgren, Fredrik; Khartanovich, Valery; Khokhlov, Aleksandr; Kunst, Michael; The concept of Germany as a distinct region in Central Europe can be traced to Julius Caesar, who referred to the unconquered area east of the Rhine as Germania, thus distinguishing it from Gaul. The victory of the Germanic tribes in the Battle of the Teutoburg Forest (AD 9) prevented annexation by the Roman Empire, although the Roman provinces of Germania Superior and Germania Inferior were established along the Rhine. Following the Fall of the Western Roman Empire, the Franks conquered the other West Germanic tribes e2aad6eb06

Irreligion in Mexico Nonetheless, the principles of the separation of church and state remain; members of religious orders (priests Irreligion in Mexico refers to atheism, deism, religious skepticism, secularism, and secular humanism in Mexican society, which was a confessional state after independence from Imperial Spain. allowed a greater number of priests in Mexico. Since 1857, however, by law, Mexico has had no official religion; as such, anti-clerical laws meant to promote a secular society, contained in the 1857 Constitution of Mexico and in the 1917 Constitution of Mexico, limited the participation in civil life of Roman Catholic organizations and allowed government intervention in religious participation in politics. The first political constitution of the Mexican United States, enacted in 1824, stipulated that Roman Catholicism was the national religion in perpetuity, and prohibited any other religion e2aad6eb06

Origins of the labor movement in Spain The first general strike took place during the progressive biennium - a period of extension of the movement to other areas of Spain. through Tarragona, Tortosa and Valencia, accompanied by Elie Reclus, Arístides Rey, Fernando Garrido and José María Orense, Fanelli went to Madrid where he arrived The origins of the labor movement in Spain are located in Catalonia in the 1830s and 1840s, since it was the only place in Spain where there was a modern industry: the textile industry. There the first conflicts between workers and employers took place and there the first trade union — called "resistance societies" at the time — in the history of Spain, the Barcelona Weavers Association, was founded in 1840. After the triumph of the Glorious Revolution, the right to freedom of association was recognized for the first time, which put an end, at least momentarily, to the persecutions and prohibitions that. By 1865, the first Workers' Congress was held in Barcelona e2aad6eb06
