

Electromagnetic Fields And Waves Efw

Cluster II (spacecraft) In February 2021, Cluster II celebrated 20 years of successful scientific operations in space. As a replacement for the original Cluster spacecraft which were lost in a launch failure in 1996, the four Cluster II spacecraft were successfully launched in pairs in July and August 2000 onboard two Soyuz-Fregat rockets from Baikonur, Kazakhstan. In February 2011, Cluster II celebrated 10 years of successful scientific operations in space. The mission was composed of four identical spacecraft flying in a tetrahedral formation. As of March 2023, its mission was extended until September 2024. such as the origin of hot flow anomalies and the transmission of electromagnetic waves through the bow shock and the magnetosheath from the solar wind. Cluster II was a space mission of the European Space Agency, with NASA participation, to study the Earth's magnetosphere over the course of nearly two solar cycles. The China National Space Administration/ESA 077a47e55f

A good article (GA) is a Wikipedia article that meets a core set of editorial standards, the good article criteria, passing through the good article nomination process successfully. They are well-written, contain factually accurate and verifiable information, are broad in coverage, neutral in point of view, stable, and illustrated, where possible, by relevant images with suitable copyright licenses. Good articles do not have to be as comprehensive as featured articles (FA), but they should not omit any major facets: a comparison of the criteria for good and featured articles describes further differences. 077a47e55f < January 28 077a47e55f Reviewing initiatives:Backlog drivesMentorshipReview circlesPledges 077a47e55f
