

Taming The Email Beast

Some individual cats, such as Grumpy Cat and Lil Bub, have achieved popularity online because of their unusual appearances, considered humorous by internet users. Various popular Internet memes have been produced about cats. The subject has attracted the attention of various scholars and critics, who have analysed why this subject has reached iconic status. Although it may be considered frivolous, cat-related Internet content contributes to how people interact with media and culture.

Some argue that there is a depth and complexity to this seemingly simple content, with a suggestion that the positive psychological effects that pets have on their owners also hold true for cat images viewed online. In March 2018, Stirling acted for Hervé Jaubert and Sheikha Latifa Bin Rashid Al Maktoum, after she made allegations of abuse and torture against her father, Mohammed bin Rashid Al Maktoum, the ruler of Dubai. Indian and UAE soldiers captured the two as they were in the Arabian Sea, near the coast of India. Stories within stories can be used simply to enhance entertainment for the reader or viewer, or can act as examples to teach lessons to other characters. The inner story often has a symbolic and psychological significance for the characters in the outer story. There is often some parallel between the two stories, and the fiction of the inner story is used to reveal the truth in the outer story. Often the stories within a story are used to satirize... History ==

Story within a story London: Routledge A story within a story, also referred to as an embedded narrative, is a narrative device in which a character within a story becomes the narrator of a second story. A story within a story can thus occur in any narrative forms, including poems and songs. "The play and the critics". Multiple layers of stories within stories are sometimes called nested stories. The Taming of the Shrew. A play may include a brief play within it, as in Shakespeare's Hamlet (a "play within a play"); a film may show the characters watching a short film; or a novel may contain a short story within it. If the majority of a whole story's content is introduced or presented using the device of a story within a story (a less-detailed "outer" story that contains the main detailed story), this is also called a frame narrative. A dominant motif in the play is the recurrent Hamlet theme Aspinall, Dana (2001)

Cats have been shared via email since the Internet's rise to prominence in the 1990s. The New York Times described cat images as "that essential building block of the Internet". In addition, 2,594,329 cat images had been manually annotated on Flickr by users. An interesting phenomenon is that... Founder and current Chairman of Biscom, S.K. Ho was previously the Director of Engineering at Wang Laboratories, where he designed and developed the Wang Word Processor and Wang Professional Image Systems; he holds nine major patents. Ho earned a BSME from Ordinance Engineering College in Taiwan and an MSEE from Drexel University.
