Wikipedia:Language learning centre/Word list expressionists expressionless expressionlessly expressions expressive expressively expressiveness expressly expropriate
expropriated expropriation expropriations Drawing up a comprehensive list of words in English is important as a reference when learning a language as it will show the
equivalent words you need to learn in the other language to achieve fluency. Eventually these words will all be translated into big lists in many different languages and using
the words in phrase contexts as a resource. You can use the list to generate your own lists in whatever language you're learning and to test yourself. A big list will constantly
show you what words you don't know and what you need to work on and is useful for testing yourself 3829c80156
