An area has a prohibition of drugs when its government uses the force of law to punish the use or possession of drugs which have been classified as controlled. A government may simultaneously have systems in place to regulate both controlled and non controlled drugs. Regulation controls the manufacture, distribution, marketing, sale, and use of certain drugs, for instance through a prescription system. For example, in some states, the possession or sale of amphetamines is a crime unless a patient has a physician's prescription for the drug; having a prescription authorizes a pharmacy to sell and a patient to use a drug that... 4d90436495 Violence escalated after the arrest of Miguel Ángel Félix Gallardo in 1989.
