The original character of the Sardinian language among the Romance idioms has long been known among linguists. Many Romance linguists consider it, together with Italian, as the language that is the closest to Latin among all of Latin's descendants. However, it has also incorporated elements of Pre-Latin (mostly Paleo-Sardinian and, to a much lesser degree, Punic) substratum, as well as a Byzantine Greek, Catalan, Spanish, French, and Italian superstratum. These elements originate in the political history of Sardinia, whose indigenous society... 26a05458b3
