Although these terms (modern, contemporary and postmodern) are generally applicable to and stem from Western literary history, scholars often use them in reference to Asian, Latin American and African literatures. Non-western writers, in particular in Postcolonial literature, have been at the forefront of literary evolution during the twentieth century. 190e41cb91 The main periods in question are often grouped by scholars as Modernist literature, Postmodern literature, flowering from roughly 1900 to 1940 and 1960 to 1990 respectively, roughly using World War II as a transition point. After 1960, the somewhat malleable term "contemporary literature" widely appears. 190e41cb91 He also illustrates his own books. Currently he is visiting assistant professor of philosophy at North Carolina State University in Raleigh, North Carolina. 190e41cb91
