Visual anthropology Bachelor course Visual Methods and Visual Ethnography as a Method as part the Master's programme. More recently it has been used by historians of science and visual culture. It teaches students how to use photography, digital video Visual anthropology is a subfield of social anthropology that is concerned, in part, with the study and production of ethnographic photography, film and, since the mid-1990s, new media. Although sometimes wrongly conflated with ethnographic film, visual anthropology encompasses much more, including the anthropological study of all visual representations such as dance and other kinds of performance, museums and archiving, all visual arts, and the production and reception of mass media. Histories and analyses of representations from many cultures are part of visual anthropology: research topics include sandpaintings, tattoos, sculptures and reliefs, cave paintings, scrimshaw, jewelry, hieroglyphics, paintings and photographs 27fc61748a

Zoltan Vancso He primarily became renowned for his black and white photography but nowadays he Zoltan Vancso (born 29 October 1972, in Budapest) is a Hungarian photographer, photo reporter. October 1972, in Budapest) is a Hungarian photographer, photo reporter 27fc61748a

He primarily became renowned for his black and white photography but nowadays he takes color photos reflecting explicit and deliberate concepts. His work is characterized by a peculiar "Vancsonesque" perspective: opting for formally simple solutions but nonetheless creating an inexhaustible world through his pictures. "It is not allowed to either write of, think of or

associate the photos of Zoltan Vancso with anything. These pictures are objects of meditation." Peter Mueller, writer. "Zoltan Vancso cultivates photography philosophically, and saying this is the greatest compliment, the deepest form of appreciation on my part." (Peter Dobai, writer, dramaturge) 27fc61748a

Hasselblad Hasselblad produces about 10,000 cameras a year from a small three-storey building. Tzortzis, Andreas (2005-05-30). Perhaps the most famous use of the Hasselblad camera was during the Apollo program missions when the first humans landed on the Moon. Retrieved 2007-10-09. Digital Photography Review. "Facing a digital world: Victor Hasselblad AB is a Swedish manufacturer of medium format cameras, photographic equipment and image scanners based in Gothenburg, Sweden. Almost all of the still photographs taken during these missions used modified Hasselblad cameras. merge". Digital Photography Review. The company originally became known for its classic analog medium-format cameras that used a waist-level viewfinder. In 2016, Hasselblad introduced the world's first digital compact mirrorless medium-format camera, the X1D-50c, changing the portability of medium-format photography. 2004-08-17 27fc61748a

The Association for Library Collections and Technical Services Preservation and Reformatting Section of the American Library Association defined digital preservation as combination of "policies, strategies and actions that ensure access to digital content... 27fc61748a Typically, a lens is used to focus the light reflected or emitted from objects into a real image on the light-sensitive surface inside a camera during a timed exposure. With an electronic... 27fc61748a

Digital preservation for digital preservation mainly arises because of the relatively short lifespan of digital media. The goal of digital preservation is the accurate rendering of authenticated content over time. Widely used hard drives can become unusable in a few In library and archival science, digital preservation is a formal process to ensure that digital information of continuing value remains accessible and usable in the long term. It involves planning, resource allocation, and application of preservation methods and technologies, and combines policies, strategies and actions to ensure access to reformatted and "born-digital" content, regardless of the challenges of media failure and technological change 27fc61748a

Photography a positive image on a paper base, known as a print, either by using an enlarger or by contact printing. A person who operates a camera to capture or take photographs is called a photographer, while the captured image, also known as a photograph, is the result produced by the camera. It is employed in many fields of science, manufacturing (e. g. Before the emergence of digital photography, Photography is the art, application, and practice of creating images by recording light, either electronically by means of an image sensor, or chemically by means of a light-sensitive material such as photographic film. , photolithography), and business, as well as its more direct uses for art, film and video production, recreational purposes, hobby, and mass communication 27fc61748a

Laura Pannack She gained a degree in editorial photography at the University of Brighton; studied a foundation course in painting at Central Saint Martins Laura Pannack (born 1985) is a British social documentary and portrait photographer, based in London. southwest London. Her work is often of children and teenagers. Pannack received first place in the World Press Photo Awards in 2010, the Vic Odden Award from the Royal Photographic Society in 2012, and won the Portfolio category in the Sony World Photography Awards in 2021 27fc61748a

Something not generally known by the public is the fact that roughly 70% of the war's documentary photography was captured by the twin lenses of a stereo camera. The American Civil War was the first war in history whose intimate reality would be brought home to the public, not only in newspaper depictions, album cards and cartes-de-visite, but in a popular new 3D format called a "stereograph," "stereocard" or "stereoview." Millions of these cards were produced and purchased by a public eager to experience the nature of warfare in a whole new way. 27fc61748a

Slide library Typically, a "slide library" contains slides depicting artwork, architecture, or cultural objects, and is typically used for the study, teaching, and documentation of art history, architectural history, and visual culture. Association of America's Slide buyer's guide, 3rd edition, edited by Nancy DeLaurier, published by the College Art Association A slide library is a library that houses a collection of photographic slides, either as a part of a larger library or image archive, or standing alone within a larger organization, such as an academic department of a college or university, a museum, or a corporation. Corporations may also have image libraries to maintain and document their publications and history. Increasingly, these types of libraries are known as "Visual Resources Collections," as they. Other academic disciplines, such as biology and other sciences, also maintain image collections akin to slide libraries. Limited to 500 copies 1976 27fc61748a

Photographers of the American Civil War The images would provide posterity with a comprehensive visual record of the war and its leading figures, and make a powerful impression on the populace. the war's documentary photography was captured by the twin lenses of a stereo camera. The American Civil War was the first war in history whose intimate The American Civil War was the most widely covered conflict of the 19th century 27fc61748a
