

Art Battlefield 1 Dice Studios

The game's single-player campaign is set in 2027 and features a conflict between a fractured NATO and Pax Armata, a private military company. The games were followed by Star Wars Battlefront: Renegade Squadron (2007) and Star Wars Battlefront: Elite Squadron (2009) for handheld game consoles and Star Wars Battlefront: Mobile Squadrons (2009) for mobile devices. LucasArts made several attempts... Inspired by chase scenes featured in Casino Royale and the Bourne films, Mirror's Edge features hundreds of first-person animations to convey Faith's movement and...

Frostbite (game engine) It was first released in 2008 for use in Battlefield: Bad Company, and has since expanded to many other first-person shooter video games and a variety of other genres. However, due to lack of interest and support, Mantle was phased out, with 2015's Battlefield Hardline being the last game Frostbite is a game engine developed by Electronic Arts. Usage of the Frostbite engine is exclusive to video games published by Electronic Arts. API co-developed by AMD and DICE

Electronic Arts (EA) is an American video game company headquartered in Redwood City, California. Founded in May 1982 by former Apple employee Trip Hawkins, the company was a pioneer of the early home computer game industry and promoted the designers and programmers responsible for its games as "software artists". Store. EA published numerous games and some productivity software for personal computers, all of which were developed by external individuals or groups until 1987's Skate or Die. EA also owns and operates major gaming studios such as BioWare, Criterion Games, DICE, Motive Studio, and Respawn Entertainment. The company shifted toward internal game studios, often through acquisitions, such as Distinctive Software becoming EA Canada in 1991. Trip Hawkins had Electronic Arts Inc

Titles running on the engine are released on multiple platforms, including Microsoft Windows, the eighth generation game consoles PlayStation 4, Xbox One and Nintendo Switch, the ninth generation game consoles PlayStation 5, Xbox Series X/S and Nintendo Switch 2, and Amazon Luna. Previously, Frostbite titles were released on the seventh generation game consoles PlayStation 3 and Xbox 360, in addition to the now defunct cloud streaming service Google Stadia. Battlefield 4 was met with positive reception for its multiplayer mode, gameplay and graphics, but was criticized for its single-player campaign and for numerous bugs and glitches in the multiplayer. It was a commercial success, selling over seven million copies.

Mirror's Edge To progress through the game, the player must control Faith from a first-person perspective and complete a series of levels that involve performing a sequence of acrobatic maneuvers, including jumping between rooftops, running across walls, and sliding down zip lines. Set in a near-future city, it follows the story of Faith Connors, an underground parkour courier who transmits messages while evading government surveillance. The game was released for PlayStation 3 and Mirror's Edge is a 2008 action-adventure platform game developed by DICE and published by Electronic Arts. The game was released for PlayStation 3 and Xbox 360 in November 2008, and for Windows in January 2009. Mirror's Edge is a 2008 action-adventure platform game developed by DICE and published by Electronic Arts

Battlefield 4 Battlefield 4 is a 2013 first-person shooter game developed by DICE and published by Electronic Arts. It is the seventh main installment in the Battlefield series and is the sequel of 2011's Battlefield 3, taking place six years later during the fictional "War of 2020". The game was released in October and November for Microsoft Windows, PlayStation 3, Xbox 360, PlayStation 4, and Xbox One. The game was released in October and November for Battlefield 4 is a 2013 first-person shooter game developed by DICE and published by Electronic Arts

Pre-release reception of Battlefield V was mixed, with the announcement trailer causing significant backlash from some fans of the series. Upon release, the game received generally positive reviews from critics, who praised its gameplay and new multiplayer modes but criticized for its shortage of content at launch and lack of innovation. It sold 7.3 million units by the end of 2018, but was a commercial disappointment...
