Labor unions in the United States The professional-managerial class (PMC) refers to a social class that controls production processes Labor unions represent United States workers in many industries recognized under US labor law since the 1935 enactment of the National Labor Relations Act. Larger labor unions also typically engage in lobbying activities and electioneering at the state and federal level. Their activity centers on collective bargaining over wages, benefits, and working conditions for their membership, and on representing their members in disputes with management over violations of contract provisions. density were Finland, Sweden, Denmark, and Belgium 17ba7ecdb7
