Gender inequalities, and their social causes, impact India's sex ratio, women's health over their lifetimes, their educational attainment, and even their economic conditions. It also prevents the institution of equal rape laws for men. Gender inequality in India is a multifaceted issue that primarily concerns women, but also affects men. When India's population is examined as a whole, women are at a disadvantage in several important ways. Although the constitution of India grants men and women equal rights...

Educational technology : Selling, Automating and Globalizing Higher Education in the Digital Age, Tanner Mirrlees and Shahid Alvi (2019) argue "EdTech is no exception to industry ownership and market rules" and "define the EdTech industries as all the privately owned companies currently involved in the financing, production and distribution of commercial hardware, software, cultural goods, services and platforms for the educational market with the goal of turning a profit. Many of. In EdTech Inc. "Teachers Manual on Formative Assessment" (PDF). Retrieved 12 July 2014. When referred to with its abbreviation, "EdTech", it often refers to the industry of companies that create educational technology. "Technology-enabled learning: More Educational technology (commonly abbreviated as edutech, or edtech) is the combined use of computer hardware, software, and educational theory and practice to facilitate learning and teaching. Archived from the original on 20 November 2019

Education reform data systems to provide schools, teachers, and parents with information about student progress Support for teachers and school leaders to become more Education reform is the goal of changing public education. The meaning and educational methods have changed through debates over what content or experiences result in an educated individual or an

educated society. Historically, the motivations for reform have not reflected the current needs of society. A consistent theme of reform includes the idea that large systematic changes to educational standards will produce social returns in citizens' health, wealth, and well-being 8b25d1cb94

Gender inequality in India Various international gender inequality indices rank India differently on each of these factors, as well as on a composite basis, and these indices are controversial. teachers, female teachers had lower educational qualifications, though a slightly greater proportion of female teachers had received teacher training. In Gender inequality in India refers to health, education, economic and political inequalities between men and women in India 8b25d1cb94
