Comparison of American and British English Likewise, spoken American English varies widely across the country. from adjunct instructor/professor). In AmE each class is generally taught by a professor (although some US tertiary educational institutions follow the The English language was introduced to the Americas by the arrival of the English, beginning in the late 16th century. Written forms of British and American English as found in newspapers and textbooks vary little in their essential features, with only occasional noticeable differences. In England, Wales, Ireland and especially parts of Scotland there are differing varieties of the English language, so the term 'British English' is an oversimplification. The language also spread to numerous other parts of the world as a result of British trade and settlement and the spread of the former British Empire, which, by 1921, included 470-570 million people, about a quarter of the world's population bc1828c2e6

Despite the fact that the first Italian coinage systems were used in the Magna Graecia and Etruscan civilization, the Romans introduced a widespread currency throughout Italy. Unlike most modern coins, Roman coins had intrinsic value. The early modern Italian coins were very similar in style to French francs, especially... bc1828c2e6
