Multifactor design of experiments software easy-to-use design of experiments (DOE) software should be available to all experimenters to foster use of DOE. In principle, easy-to-use design of experiments (DOE) software should be available to all experimenters to foster use of DOE. Factorial experimental design software drastically Software that is used for designing factorial experiments plays an important role in scientific experiments and represents a route to the implementation of design of experiments procedures that derive from statistical and combinatorial theory 2d85b0964a
