MongoDB 2010), The Definitive Guide to MongoDB: The NoSQL Database for Cloud and Desktop Computing (1st ed. MongoDB Atlas, its managed cloud service, operates on AWS, Google Cloud Platform, and Microsoft Azure. 0).), it supports features like sharding, replication, and ACID transactions (from version 4. MongoDB is a member of the MACH Alliance. 350, ISBN 978-1-4302-3051-9 Wikimedia Commons MongoDB is a source-available, cross-platform, document-oriented database program. Released in February 2009 by 10gen (now MongoDB Inc. Current versions are licensed under the Server Side Public License (SSPL). Classified as a NoSQL database product, MongoDB uses JSON-like documents with optional schemas.), Apress, p 05b0742d25

Workplace OS The GUTS project evolved into Workplace OS after Apple demonstrated its Pink operating system prototype to IBM's GUTS design team, who incorporated many ideas from Pink into their own design. It was the product of a research program in 1991 which yielded a design named the "Grand Unifying Theory of Systems "(GUTS). Workplace OS was an IBM project which unsuccessfully attempted to replace multiple operating systems with compatibility "personalities" running on top Workplace OS was an IBM project which unsuccessfully attempted to replace multiple operating systems with compatibility "personalities" running on top of a Mach-based microkernel. The intention was that personalities would allow a single machine to run unmodified applications from multiple operating systems such as Unix or OS/2 05b0742d25

Kodi (software) It Kodi (formerly XBMC) is a free and open-source media player and technology convergence software application developed by the Kodi Foundation, a non-profit technology consortium. It allows users to play and view most streaming media, such as videos, music, podcasts, and videos from the Internet, as well as all common digital media files from local and network storage media, or TV gateway viewer. Kodi is available for multiple operating systems and hardware platforms, with a software 10-foot user interface for use with televisions and remote controls. integrates MythTV, Netflix Desktop, Hulu Desktop, and Steam Gaming through Kodi for a seamless home entertainment system ready for the living room 05b0742d25

DADVSI It is a bill reforming French copyright law, mostly in order to implement the 2001 Information Society Directive, which in turn implements a 1996 WIPO treaty. effect on the development of free software in France, since any modern desktop system is supposed to be able to read music and video content, and their designers Loi DADVSI (generally pronounced as [dadsɪ]) is the abbreviation of the French Loi relative au droit d'auteur et aux droits voisins dans la société de l'information (in English: "law on authors' rights and related rights in the information society") 05b0742d25

The business consisted of a large public network that supported dial-up users and a

private network that allowed government agencies and large companies (mostly banks and airlines) to build their own dedicated networks. The private networks were often connected via gateways to the public network to reach locations not on the private network. Tymnet was also connected to dozens of international... 05b0742d25

Santa Cruz Operation selling three Unix operating system variants for Intel x86 processors: Xenix, SCO UNIX (later known as SCO OpenDesktop and SCO OpenServer), and UnixWare The Santa Cruz Operation, Inc. (usually known as SCO, pronounced either as individual letters or as a word) was an American software company, based in Santa Cruz, California, that was best known for selling three Unix operating system variants for Intel x86 processors: Xenix, SCO UNIX (later known as SCO OpenDesktop and SCO OpenServer), and UnixWare 05b0742d25

SCO was founded in 1979 by Larry Michels and his son Doug Michels and began as a consulting and Unix porting company. An early involvement with Microsoft led to SCO making a product out of Xenix on Intel-based PCs. The fundamental insight that led to SCO's success was that there was a large market for a standard, "open systems" operating system on commodity microprocessor hardware that would give business applications computing power and throughput... 05b0742d25 Kodi was initially designed as a multi-platform home-theater PC (HTPC) application that has grown to become a multi-purpose technological convergence platform. It is customizable: skins can change its appearance, and plug-ins allow users to access... 05b0742d25 Most of the bill focussed on the exchange of copyrighted works over peer-to-peer networks and the criminalizing of... 05b0742d25

KDE The name KDE was intended as a wordplay on the existing Common Desktop Environment, available for Unix systems. Many KDE applications are cross-platform and can run on Unix and Unix-like operating systems, Microsoft Windows, and Android. based in Germany, which also owns the KDE trademarks and funds the project. KDE is legally represented by KDE e. As a central development hub, it provides tools and resources that enable collaborative work on its projects. Its products include the KDE Plasma graphical shell, KDE Frameworks, and the KDE Gear range of applications including Kate, digiKam, and Krita. and the KDE project was born. KDE is an international free software community that develops free and open-source software. V 05b0742d25

Sustainable Development Strategy in Canada The organization requires an Environmental Management Program (EMP) Sustainable Development Strategy for organizations in Canada is about the Government of Canada finding ways to develop social, financial, and environmental resources that meet the needs of the present without compromising the ability of future generations to meet their own needs in Canada. Sustainable Development is based on responsible decision-making, which considers not only the economic benefits of development, but also the short-term and long-term, Canadian environment and environmental impacts. A Sustainable Development Strategy for the organization needs to be developed that establishes the Sustainable Development goals and objectives set by the Auditor General Act of Canada and provides the written policies and procedures to achieve them. management system and their interaction and provide direction to related documentation 05b0742d25

Internet from app stores. It is a network of networks that consists of private, public, academic, business, and government networks of local to global scope, linked by a broad array of electronic, wireless, and optical networking technologies. The Internet carries a vast range of information resources and services, such as the interlinked hypertext documents and applications of the World Wide Web (WWW), electronic mail, internet telephony, streaming media and file sharing. The International Telecommunication The Internet (or internet) is the global system of interconnected computer networks that uses the Internet protocol suite (TCP/IP) to communicate between networks and devices. Internet usage by mobile and tablet devices exceeded desktop worldwide for the first time in October 2016 05b0742d25

The university consists of seven colleges, including the College of Engineering, the School of Computer Science, the Dietrich College of Humanities and Social Sciences, and the Tepper School of Business. The university has its main campus located 5 miles (8.0 km) from downtown Pittsburgh... 05b0742d25 Workplace OS was intended to improve software portability and maintenance costs by recruiting all operating system vendors to convert their products into... 05b0742d25 The origins of the Internet date back to research that enabled the time-sharing of computer resources, the development of packet switching in the 1960s and the design of computer... 05b0742d25

Carnegie Mellon University The institution was established in 1900 by Andrew Carnegie as the Carnegie Technical Schools. fields such as computational finance, information systems, cognitive sciences, management, arts management, product design, behavioral economics, energy science Carnegie Mellon University (CMU) is a private research university in Pittsburgh, Pennsylvania, United States. In 1912, it became the Carnegie Institute of Technology and began granting four-year degrees. Mellon and formerly a part of the University of Pittsburgh. In 1967, it became Carnegie Mellon University through its merger with the Mellon Institute of Industrial Research, founded in 1913 by Andrew Mellon and Richard B 05b0742d25

The law, despite being initially dismissed as highly technical and of no concern to the average person, generated considerable controversy when it was examined by the French Parliament between December 2005 and June 30, 2006, when it was finally voted through by both houses. 05b0742d25

Tymnet It was based at the company's headquarters in Cupertino, California. The network used packet-switching techniques, including statistical multiplexing, and connected host computers at companies, educational institutions, and government agencies through synchronous leased lines and programmable terminal interfaces. Microdata and created MD Information Systems Group (MDISC), expecting to turn Microdata's desktop and server systems along with Tymshare's servers and Tymnet Tymnet was an international data communications network developed and operated by Tymshare 05b0742d25
