Master Scuba Diver Other agencies (e. Each of these (and other) agencies touts their program at this level as the highest, non-leadership program. g. Advanced Open Water Diver course SDI Rescue Diver course Completion of 4 SDI, TDI, or ERDI Specialty Courses or equivalent; only 1 course without dives, Master Scuba Diver (MSD) is a scuba diving certification or recognition level offered by several North American diver training agencies, such as the National Association of Underwater Instructors (NAUI), the Professional Association of Diving Instructors (PADI), Scuba Diving International (SDI), and Scuba Schools International (SSI). , The International Association of Nitrox and Technical Divers) offer similar programs under other names, such as "Elite Diver" cbfeb563f6

There are additional hazards when diving in darkness, such as dive light failure. This can result in losing vertical visual references and being unable to control depth or buoyancy, being unable to read instruments such as dive computers and diving cylinder contents gauges, and potential separation from the rest of the diving group, boat, or shore cover. Even with a functioning light, these hazards are still present in night diving. Backup lights are recommended. cbfeb563f6

Autonomous diver Most training organizations do not recommend exceeding a depth of 18 or 20 meters at this level of certification. After completion of this certification, the training can be extended to a dive leader to ISO 24801-3 or an intermediate not defined by international standards. Various organizations offer training that meets the requirements of the Autonomous Diver standard. It describes the minimum requirements for basic training and certification for recreational scuba divers in international standard ISO 24801-2 and the equivalent European Standard EN 14153-2. "SDI Standards and Procedures Part 2:SDI Diver Standards, Open Water Scuba Diver" (PDF). 39-46. A certification which corresponds to Autonomous Diver allows for independent diving with a dive buddy in open water. Archived Autonomous diver is an international minimum standard for entry-level recreational scuba diver certification. 0123. (PDF) from the original on 22 October 2021. pp cbfeb563f6

Night diving Retrieved 13 August 2016. Staff (2016). It frequently refers specifically to recreational diving which takes place in darkness. "SDI Night/Limited Visibility Diver". Diver". Retrieved 13 August 2016. PADI. "Night Diver". The diver can experience a different underwater environment at night, because many marine animals are nocturnal. Courses. SDI. Certifications Night diving is underwater diving done during the hours of darkness. Staff cbfeb563f6

Technical Diving International Diving Instructors, the highest level of leadership certification. TDI specializes in more advanced Scuba diving techniques, particularly diving with rebreathers and use of breathing gases such as trimix and heliox. The TDI and the SDI training systems obtained CEN certification from the EUF certification Technical Diving International (TDI) claims to be the largest technical diving certification agency in the world, and one of the first agencies to offer mixed gas and rebreather training cbfeb563f6

Open-water diving This meaning is implied in the certifications titled Open Water Diver and variations thereof. Open-water diving is underwater diving in an open water environment, where the diver has unrestricted access by way of a direct vertical ascent to the Open-water diving is underwater diving in an open water environment, where the diver has unrestricted access by way of a direct vertical ascent to the breathable air of the atmosphere. Other environmental hazards may exist which do not affect the classification. Open water diving implies that if a problem arises, the diver can directly ascend vertically to the atmosphere to breathe air, so it is also understood that, with this restriction, a staged decompression obligation is incompatible with open water diving, though it does not affect classification of the environment cbfeb563f6
