Education in the United States Retrieved April 9, 2014. 2014. Education is provided in public and private schools and by individuals through homeschooling. Educational standards are set at the state or territory level by the supervising organization, usually a board of regents, state department of education, state colleges, or a combination of systems. Although there are more than fifty independent systems of education (one run by each state and territory, the Bureau of Indian Education, and the Department of Defense Dependents Schools), there are a number of similarities between them. 3 trillion in funding comes from state and local governments, with federal funding accounting for about \$260 billion in
