Chinese Filipinos doi:10. 5 (1). Archived (PDF) from Chinese Filipinos (sometimes referred as Filipino Chinese or Chinoy/Tsinoy in the Philippines) are Filipinos of Chinese descent with ancestry mainly from Fujian, but are typically born and raised in the Philippines. Southeast Asian History. hdl:1808/1129. Chinese Filipinos are one of the largest overseas Chinese communities in Southeast Asia. Lawrence, Kansas: The University of Kansas, CEAS: 62-100. 1017/S0217781100002222 b2f30eb5b1

Tokamak The tokamak is one of several types of magnetic confinement solenoids being developed to produce controlled thermonuclear fusion power. The tokamak concept is currently one of the leading candidates for a practical fusion reactor for providing minimally polluting electrical power. 1988: Tore Supra, but renamed to WEST in 2016, at the CEA, Cadarache, France 1989: Aditya, at Institute for Plasma Research (IPR) in A tokamak (; Russian: *токама́к*) is a machine which uses a powerful magnetic field generated by external magnets to confine plasma in the shape of an axially symmetrical torus. current in a tokamak b2f30eb5b1

Nuclear weapons and Israel the French, sold both patents to the Commissariat à l'énergie atomique (CEA) for 60 million francs. Estimates of Israel's stockpile range from 90 to 400 nuclear warheads, and the country is believed to possess a nuclear triad of delivery options: by F-15 and F-16 fighters, by Dolphin-class submarine-launched cruise missiles, and by the Jericho series of intermediate to intercontinental range ballistic missiles. Although they were never commercialized, it was a Israel is the only country in the Middle East to possess nuclear weapons. Its first deliverable nuclear weapon is estimated to have been completed in late 1966 or early 1967, becoming the sixth nuclear-armed country b2f30eb5b1

Check spelling and capitalization. b2f30eb5b1 are listed for the wrong publisher because of a misspelling, spelling variation, or general similarity in spelling (red links especially) b2f30eb5b1 Born and raised in Bay Ridge, Brooklyn, Yellen graduated from Brown University in 1967 and earned a Ph.D. in economics from Yale University in 1971. She taught as an assistant professor at Harvard University from 1971 to 1976, was a staff economist for the Federal Reserve Board from 1977 to 1978, and was a faculty member at the...

List of datasets for machine-learning research Although they do not need to be labeled, high-quality datasets for unsupervised learning can also be difficult and costly to produce. Kossinets, Gueorgi; Kleinberg, Jon; Watts, Duncan (2008). April 2019. 2004. Klimt, Bryan, and Yiming Yang. Datasets are an integral part of the field of machine learning. "The Structure These datasets are used in machine learning (ML) research and have been cited in peer-reviewed academic journals. High-quality labeled training datasets for supervised and semi-supervised machine learning algorithms are usually difficult and expensive to produce because of the large amount of time needed to label the data. " CEAS. Major advances in this field can result from advances in learning algorithms (such as deep learning), computer hardware, and, less-intuitively, the availability of high-quality training datasets. "Introducing the Enron Corpus b2f30eb5b1

Analog computers can have a very wide range of complexity. Slide rules and nomograms are the simplest, while naval gunfire control computers and large hybrid digital/analog computers were among the most complicated. Complex mechanisms for process control and protective relays used analog computation to perform control and protective functions. The common property of all of... b2f30eb5b1 are listed for the wrong publisher because of miscategorization, or bad redirects b2f30eb5b1 Vaccines can be prophylactic (to prevent or alleviate the effects of a future infection by a natural or "wild" pathogen), or therapeutic (to fight a disease that has already occurred, such as... b2f30eb5b1

Israel maintains a policy of deliberate ambiguity, neither formally denying nor admitting to having nuclear weapons, instead repeating over the years that "Israel will not be the first country to introduce nuclear weapons to the Middle East". Israel interprets "introduce... b2f30eb5b1 Be sure the subject meets Wikipedia's inclusion criteria. Computing and Internet subjects should be mentioned in reliable, independent sources such as a review in an online newspaper or magazine. b2f30eb5b1 This is a bot-compiled listing of journals cited by Wikipedia, organized by their current publishers (or sometimes by their host repository). Due to imperfect matching algorithms, the list may feature publications and

publishers which... Also, when adding a request, please include as much information as possible (such as webpages, articles, or other reference material) so editors can find and distinguish your request from an already-created article. Roughly three... The proposal to use controlled thermonuclear fusion for industrial purposes and a specific scheme using thermal insulation of high-temperature plasma by an electric field was first formulated by the Soviet physicist Oleg Lavrentiev in a July 1950 paper. In 1951, Andrei Sakharov and Igor Tamm modified the scheme by proposing a theoretical basis...

Janet Yellen Trefethen Professor of Business Administration and Economics at the University of California, Berkeley. The group Janet Louise Yellen (born August 13, 1946) is an American economist who served as the 78th United States secretary of the treasury from 2021 to 2025. She also served as chair of the Federal Reserve from 2014 to 2018. and Catherine M. She was the first woman to hold either position, and has also led the White House Council of Economic Advisers. Yellen is the Eugene E. responsibility to NEC Director Robert Rubin, Treasury Secretary Lloyd Bentsen, and CEA Chair Laura Tyson, who was a colleague of Yellen's at Berkeley

Chinese immigration to the Philippines occurred mostly during the Spanish colonization of the islands between the 16th and 19th centuries, attracted by the lucrative trade of the Manila galleons. During this era, they were referred to as Sangley. They were mostly the Hokkien-speaking Hokkien people that later became the dominant group within the Filipino-Chinese community. In the 19th century, migration was triggered by the corrupt and bad governance of the late Qing dynasty, combined with economic... Many organizations, including governments, publish and share their datasets. The datasets...

EmDrive The concept has at times been referred to as a resonant cavity thruster. The idea is generally considered by physicists to be pseudoscience. concluded that observations of thrust were false positives, reporting in the CEAS Space Journal they had refuted all EmDrive claims by "at least 3 orders of The EmDrive is a controversial device first proposed in 2001, purported by its inventors to be a reactionless drive. While no mechanism for operation was proposed, this would violate the law of conservation of momentum and other laws of physics b2f30eb5b1

Search for existing articles on the same subject. If an article exists, but not at the title you expected, you can create a redirect, or request creation. b2f30eb5b1 Neither person who claims to have invented it committed to details about it beyond showing prototypes they have built. While the lack of a published design or mechanism makes it hard to say whether a given object is an example of an EmDrive, over the years prototypes based on its public descriptions have been constructed and tested. b2f30eb5b1 ShortcutWP:JCW/PUBWP:JCW/PUB b2f30eb5b1 In 2016, Harold White's group at NASA observed a small apparent thrust from one... b2f30eb5b1 Do not duplicate existing requests.
