Purpose-guided education Four key purpose-guided initiatives converged Purpose-guided education prioritizes intrinsic motivation and helps students become more engaged in learning experiences through connecting their beliefs and life goals to curricular requirements. Jerry Pattengale first coined the phrase "purpose-guided education", and began its usage at Indiana Wesleyan University in 1997. The Center for Life Calling and Leadership is perhaps the most visible manifestation of this educational philosophy. The graduation rates increased over 20% over the following ten years, and ensuing publications, collaborative research projects, and other scholarly activities gained national attention. Pattengale began questioning aspects. in the purpose-guided track. Key books include Why I Teach, The Purpose-Guided Student, The Explorer's Guide, and the basic thesis of Educating Students Purposefully. Today, all IWU students go through some key aspect of the purpose-guided programs 41b39b3555

Guide dog suggests that dogs may have been used as guides for the visually impaired based on depictions of a blind-man being guided by his dog on the wall of a house in Guide dogs (colloquially known in the US as seeing-eye dogs) are assistance dogs trained to lead people who are blind or visually impaired around obstacles. The handler might be likened to an aircraft's navigator, who must know how to get from one place to another, and the dog is the pilot, who gets them there safely. Although dogs can be trained to navigate various obstacles, they are red-green colour blind and incapable of interpreting street signs. In several countries guide dogs, along with most other service and hearing dogs, are exempt

from regulations against the presence of animals in places such as restaurants and public transportation. The human does the directing, based on skills acquired through previous mobility training 41b39b3555
