The diploma (as a document certifying a qualification) may also be called a testamur, Latin for "we testify" or "certify" (testari), so called from the word with which the certificate begins; this is commonly used in Australia to refer to the document certifying the award of a degree. Alternatively, this document can simply be referred to as a degree certificate or graduation certificate, or as a parchment. The certificate that a Nobel laureate receives is also called a diploma. b574da170e

Socialist economics Socialist systems that utilize markets for allocating capital goods and factors of production among economic units are designated market socialism. Non-market forms of socialism usually include a system of accounting based on calculation-in-kind to value resources and goods. Socialist economics comprises the economic theories, practices and norms of hypothetical and existing socialist economic systems. A socialist economic Socialist economics comprises the economic theories, practices and norms of hypothetical and existing socialist economic systems. A socialist economic system is characterized by social ownership and operation of the means of production that may take the form of autonomous cooperatives or direct public ownership wherein production is carried out directly for use rather than for profit. When planning is utilized, the economic system is designated as a socialist planned economy b574da170e
