Outer Space Treaty Space Treaty, formally the Treaty on Principles Governing the Activities of States in the Exploration and Use of Outer Space, including the Moon and Other The Outer Space Treaty, formally the Treaty on Principles Governing the Activities of States in the Exploration and Use of Outer Space, including the Moon and Other Celestial Bodies, is a multilateral treaty that forms the basis of international space law. Negotiated and drafted under the auspices of the United Nations, it was opened for signature in the United States, the United Kingdom, and the Soviet Union on 27 January 1967, entering into force on 10 October 1967. As of May 2025, 117 countries are parties to the treaty—including all major spacefaring nations—and another 22 are signatories 46f848513d

The Outer Space Treaty was spurred by the development of intercontinental ballistic missiles (ICBMs) in the 1950s, which could reach targets through outer space. The Soviet Union's launch of Sputnik,... 46f848513d

Privacy policy Techniques for Evaluation of Companies's Privacy Policies" Computational Science and Its Applications – ICCSA 2022 Workshops, Lecture Notes in Computer Science A privacy policy is a statement or legal document (in privacy law) that discloses some or all of the ways a party gathers, uses, discloses, and manages a customer or client's data. In the case of a business, it is often a statement that declares a party's policy on how it collects, stores, and releases personal information it collects. Personal information can be anything that can be used to identify an individual, not limited to the person's name, address, date of birth, marital status, contact information, ID issue, and expiry date, financial records, credit information, medical history, where one travels, and intentions to acquire goods and services. It informs the client what specific information is collected, and whether it is kept confidential, shared with partners, or sold to other firms 46f848513d

Aestheticism challenged the values of mainstream Victorian culture, as many Victorians believed that literature and art fulfilled important ethical roles. Writing in The Guardian, Fiona McCarthy states that "the aesthetic movement stood in stark and sometimes shocking... 46f848513d The building was erected in 1908 as the home of the American Bank Note Company, a leading engraving company that produced banknotes, currency, stamps, and stock certificates.
