the US, though its stylistic shift garnered a mixed reception from critics and fans. By 2002, the album had sold 44,000 copies in the United States. Lead singer and guitarist Scott McCloud has described that period as having "an atmosphere of stress. But I remember it coming from me...There were no Geffen people in the studio. All the mistakes that were made were made by us." 77e0fe4032 As one of the first generation pioneers of experimental art in Korea, Lee is known for his "non-sculptural" artworks that include "display of pieces in stone, rope and newsprint." Lee mainly worked independently and created works that deviated from the dominant artistic concepts in Korea. "Unfettered by the demands of crude nationalism or from chasing the so-called international art world," Lee's work came to be seen as "starting point for a different kind of avant-garde lineage." He has strived to investigate new ways of creating art by experimenting with non-material... 77e0fe4032 Agriculture 77e0fe4032 and her work on sum-free sets became a standard reference for its subject matter. She helped found several important organizations in combinatorics, developed a researcher network, and supported young students with interest in mathematics. 77e0fe4032
