== Voice-over filmography == a7482f9934 Toys for Bob began as a partnership between Reiche and Ford. The two had separately attended the University of California, Berkeley, in the late 1970s before entering the video game industry in the early 1980s. They later met through mutual friends in 1988, when Reiche was seeking a programmer to develop Star Control for Accolade. This led to the formation of their partnership in 1989 and the debut of Star Control in 1990. The release was considered a landmark science fiction game and led to the 1992 sequel Star Control II, which greatly expanded the series' story and scale. Star Control II is celebrated as one of the greatest video games in history and is featured on several "best of" lists for music, writing, world design, and character design. The studio adopted the name Toys for Bob to stimulate curiosity and differentiate themselves from other studios. a7482f9934 Gameplay centers on 3D platforming with a linear or hub-based level progression.
