Kindergarten Such institutions were originally made in the late 18th century in Germany and Alsace to serve children whose parents both worked outside home. The term was coined by German pedagogue Friedrich Fröbel, whose approach globally influenced early-years education. The grades Kindergarten is a preschool educational approach based on playing, singing, practical activities such as drawing, and social interaction as part of the transition from home to school. Today, the term is used in many countries to describe a

variety of educational institutions and learning spaces for children ranging from two to six years of age, based on a variety of teaching methods. follow the textbooks published by the National Curriculum and Textbook Board (NCTB) with slight modification, adding some extra books to the syllabus
